

Math Summer Work 2021

Dear Parents and Students,

This is the summer math work for first grade going into second grade.

The students will complete the summer work on Think Central. (They have used Think Central in First Grade).

There will be 8 assignments scheduled to post on Think Central on July.1, 2021. These assignments are due on July 31, 2021. On August 1, 2021 another 8 assignments will post on Think Central. These assignments are due August 31, 31,2021.

There is no need to bring any paper back in September stating you finished the assignments. I can go to Think Central and see who completed the assignments.

Have a good summer!!

Mrs. McNally
